

SERVICE ALERTS

Kimble Recycling & Disposal, Inc. is working hard to provide the best service to our customers amid COVID-19. We appreciate your patience if you are experiencing any delays in service. Please check our website for future updates at www.kimblecompanies.com.

Just a reminder, you can pay a bill, confirm collection days and add services at: <https://jj-portal.kimblecompanies.com/>.

PROPERLY DISPOSE OF WASTE AMID COVID-19

We need your help to keep our employees safe! Please follow these simple tips to properly dispose of your waste and recycling amid COVID-19. The safety of our team and customers is our #1 priority. Thank you in advance!

BAG YOUR TRASH

Please make sure all trash is *securely* contained in trash bags and that they are *tied shut* before placing in your cart.

MEDICAL WASTE

Please contact your local pharmacy or solid waste district to find a proper disposal location/container.

CART PLACEMENT

Allow three feet between the tote(s) and other obstructions. The opening of the carts should be facing the curb.

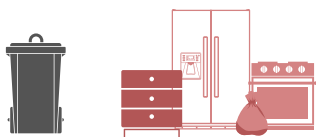

NIGHT BEFORE

Please place your cart at the curb the night before your service day.

BULK ITEMS

Please temporarily hold on to bulk items and fit all waste into the container if possible.

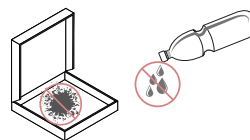

LOOSE RECYCLING

Place approved recyclables loosely in your Kimble Recycling Cart. No bags please.

CLEAN AND DRY

Food and liquid contaminate recyclables. Please make sure recyclables are clean and dry.

APPROVED ONLY

Only approved items should be placed in the bin. The less sorting for our team the better.

RENT A ROLL-OFF

Kimble offers an array of commercial and industrial containers to fit your needs. Available in multiple sizes, you are sure to find a roll-off or other specialized container that's right for your project.

Roll-off containers are perfect for large construction projects, spring cleaning, remodels, waste clean up, etc. Our team of experts are waiting to speak to you. Call for your free quote today.

Labor Day - 9/7/20

Thanksgiving - 11/26/20

Christmas - 12/25/20

New Year's Day - 1/1/21

COVID-19 UPDATE

Dear Valued Customer,

Waste and recycling workers don't often get a lot of attention or fanfare. They are frequently an overlooked part of the workforce, until something happens, and they don't show up.

I want to take this opportunity to commend the sanitation and recycling workers, both at Kimble, and all over the country, who continue to provide their essential services to the residents and businesses of our nation. They are fulfilling a major need with out a lot of fanfare or attention, day in and day out.

These industry workers out on the front line are supported by numerous other team members behind the scenes working in many fields including mechanics, sales, customer service, accounting, purchasing and human resource, among others. Without all these men and women working hard to provide vital services, our nation would not be the nation that it is.

Many countries have no access to organized waste or recycle collection. We are fortunate, not only for that, but all the many good things available to us here in the great nation of The United States of America.

Please take a close look at the reverse side of this bulletin for some important requests with regards to waste and recycling.

Again, I want to offer a big thank you and accolades to the men and women of Kimble who are keeping our neighborhoods clean and sanitary, during this complicated time. Also, a big thank you to you, our valuable customers, for your business and patience. Although we have had no major service interruptions so far, we are taking this one day at a time, praying and hoping for the best, and planning for the worst.

Sincerely,

A handwritten signature in blue ink that reads "Keith B. Kimble".

Keith B. Kimble, President
